

„Diplomacy“

Tool for management training
Assessment Centers and
communication simulation under equals!

Train your rethorical skills!

Facts

Boardgame, invented 1958 , no dies (no luck) , simultaneous play

World and European Championships since the 70ies/80ies

Italy is using diplomacy for education of their diplomats

Easy and few rules:

- a) You can vote (move) for yourself
- b) You can support someone (vote for someone else)
- c) You can disturb (cut) votes / supports
- d) Do nothing
- e) Transport / Convoy units

The player concentrating 18 of 34 cities (=core competences) wins
- or who got the most cities after a fixed number of rounds.

The Board

Advantages

Even after playing 100 games it will not get boring.
You can play online to learn the game easily.
Play face to face to master it and get full advantage.

You can practise:

- Rhetoric skills
- How to motivate and influence people
- How to read people and detect lies (only by face to face)
- Pure Negotiation
- Deal under pressure with up to 6 people
- Prepares you for long lasting grillings / examination

Benefits

There is no tool for managers of the same hierarchy level.

Using Diplomacy, TripleT is closing this gap!

It is based on a proven system.

TripleT has the European Champion 2010 for reference

Another training tool what makes TripleT unique!

Alternative for using Mediators

Goal

Make Diplomacy to a training tool for top management:

- using online solutions for training and practising the rules
- and organising face to face simulations

Transfer theory into training praxis improves rhetorical skills

Clients can practise their lifetime on tournaments for free!
